

**DEKARTA
CAPITAL**

Private Equity and Venture Capital

Anton Anufriev

Head of M&A

Anton has six years' experience in M&A transactions and investment activities.

Prior to joining Dekarta Capital Anton worked in the Moscow and Kiev offices of [Interpipe](#), one of the largest financial-industrial groups in Ukraine, including the private equity fund group [EastOne](#). As a manager of M&A projects in the investment department, Anton was responsible for M&A deals, building portfolio investment strategies, investment project analysis and the preparation of investment decisions.

Prior to [Interpipe](#) Anton worked in the Russian investment banking group [SOVLINK](#), in investments and M&A.

Anton graduated from the [Finance Academy](#) of the Government of the Russian Federation with a specialization in financial management.

About Dekarta Capital:

Founded in December 2008 Dekarta Capital is a private equity and venture capital firm specializing in early stage and growth equity investments in medium-sized companies. Presently, Dekarta Capital manages the assets of a private fund equal to \$100 million. The firm seeks to invest in all sectors with a focus on financial services, retail, media, Internet and technology. It typically invests up to \$1 million at the early stage and between \$2 million and \$15 million at later stages. The fund supports technology companies that have originated in Russia, Ukraine and Latvia, which have clearly demonstrated their potential to become industry leaders in the global arena.
